RECOMMENDATION: Staff is seeking direction from City Council to proceed with further evaluation of sites for a housing navigation center given the results of the established criteria evaluation. Staff's recommendations are as follows:

1. Based on the information provided in this report and input received at the special meeting, select two sites (or not more than three sites) from those evaluated which the Council finds most favorable and feasible for a housing navigation center;
2. Direct staff to conduct neighborhood outreach to obtain community input and comments on the site(s) selected and to develop a more thorough analysis and cost estimate for the implementation of a housing navigation center on each potential site.
3. Request that staff report back, after the August recess, regarding the outcome of community outreach to seek City Council's approval of the final site for implementation of a housing navigation center in accordance with Resolution No. 2018-60.

4. Adjournment
